### ICON COLLECTION

The TOM FORD EYEWEAR ICON COLLECTION is the maximum expression of luxury. Inspired by personalities with charisma and presence, the collection shines the spotlight on unparalleled workmanship that elevates and enhances each element.

The styles have been highlighted by fine processing. Handcrafted havana colorations and transparent acetate on the inner side of the temples with a new protective layer distinguish the tints of ICON sunglasses.

The fine acetate frames are embellished with gold-tone metal inserts and engravings that create a surprisingly harmonious aesthetic.

Seductive thicknesses, volumes and dimensions are characterized by 3D new logos with a shape that echoes the diamond's baguette and become the new imprint of the brand.

Each eye-catching frame with new high-quality ZEISS lenses transmits the strength, value and personality of the brand through superb comfort, irresistible allure, and optimal vision.

Designed to identify and inspire people who seek the true essence of elite style, the collection embodies the legendary quality and craftsmanship of TOM FORD EYEWEAR.
